

Department of Academic Affairs

Welcome to the Department of Academic Affairs!

The primary focus of the Department of Academic Affairs is to mediate or resolve student concerns directly correlated to their academic experience, including curriculum, policy, courses and support. The department achieves this through its connections and direct interaction with University officials such as the Faculty Senate, Professors, Advisors and the Office of the Provost, along with the deans of each college and chairpersons of each department.

We look forward to a productive year,

Lyric Campbell
Secretary of Academic Affairs

Sierra Beard
Deputy Secretary of Academic Affairs
