

## Department of Communications

Greetings Rattlers,

Welcome to the Department of Communications within the Executive Branch of the Student Government Association! As the Communications Department, we are excited to relay messages from the Student Government Association to the general student body and vice versa.

We have an exciting agenda for the upcoming 2018/2019 academic school year focused on:

- Social media involvement through twitter, Instagram, and Snapchat.
- Town hall meetings each semester creating open discussions between the general student body and members of the Student Government Association.
- Accessible coverage on new initiatives and events from Student Government Association through television broadcast and text alerts.
- Emphasis on “FAMU”ly bonding at on campus social events.

Overall, we want the general body to feel more involved as we are here to serve you! Stay tuned by following us on twitter and Instagram @famu\_sga87 for updates on what’s more to come!

Thank you,

Darrien A. Fordham  
Secretary of Communications

Madison D. Johnson  
Deputy Secretary of Communications
