

March 30, 2017 8:30 pm Session of the FAMU Student Supreme Court
Christopher Rich was appointed as clerk of courts for this Session.

Attorney general was asking if tonight is pretrial and 3/31 trial
She said that she was conducting an investigation and received a few documents and has not found anything to support the charges for impeachment and still is interviewing witnesses and gathering information
3/31 the AG would prefer for status hearing instead of trial.

The Chief justice stated the student Senate has impeached and the senate was asked to have someone present to answer any questions that may arise in this session.
Solicitor general is present also.

Senate representative says in the documents doesn't give the Attorney general the power to decide if she would prosecute or not.
She is asking the Attorney General what issues she has with this offense (merit claim)

President and vice president committed an impeached offense by obtaining office not legally
Chief justice feels that their was time for this investigation
Documents about trial period

Ms Joann: Bruno and Hudson(memo) on the way they received their office
The issue was there should be an election
Supreme court didn't vote to hand an office and put into the office and the court called for an election
Senate Their should have been Chrispen Mitchell ticket and Bruno and since there should have none of the above against Chrispen didn't qualify
AG
Did President or vice president ask for a ballot to be created
DID President and vice president create a ballot
There is a bog statutes that have 3 provisions and she doesn't believe they have been broken
She is asking why she should prosecute

Sen
Ec didn't follow protocol and they broke the rules and they should be impeached
Ec didn't hold an election and the 2 people took the office knowing that they ascended the office and that is the reason the senate impeached. Also, the EC resigned before they could have impeached and the E/a chair is being impeached.

Justice is asking clarity

Attorney
Is not being bullied to prosecute the case that she deems unfit also she is asking for more information trying obtain more evidence.

Chief justice is asking for clarity and is trying to understand that the attorney general isn't ready
