

Office of the Comptroller

Hello Rattlers,

I am delighted to welcome you to the Department of the Comptroller. This department's role in this finely-tuned and collaborative administration is to serve as regulator of the budget for the SGA President, Chairman of the Activity and Services Budget Committee (ASBC), and to ensure the appropriate dispersal of funds by performing all necessary auditory practices.

We will implement our budget in facets that solely align with the executive branch's goal of maximizing service to all of Florida A&M University's vibrant student body.

All the Best,

Kameron E. Gomez
Comptroller
