Title of Appropriation Bill: The FAMU NCHE Special Allocation

Whereas, The Florida Agricultural and Mechanical University Student Senate is the Legislative Branch of the Student Government Association and is empowered to pass legislation as it deems necessary to carry out the functions of the Student Government Association, and

Whereas, Florida A&M University's NCHE serve as the instrument through which higher education members of the National Education Association (NEA) utilize their individual and collective power to identify and focus the interests and concerns of NEA higher education members and NEA higher education affiliates, promote and inform NEA on matters affecting higher education, develop programs and initiatives to address the problems faced by higher education members, and among other purposes, to train educational professionals and leaders for national offices within NEA, and

Whereas, NCHE is a graduate organization within the College of Education that consists of a membership of students and candidates pursuing terminal degrees in Higher Education, and cannot, unfortunately, afford to represent our beloved university at a Higher Ed conference due to financial and professional responsibilities as full-time employees with families to support. NCHE is therefore soliciting funding for a conference through a special allocation from the 47th Student Senate, and

Whereas, NCHE is requesting financial aid to assist 11 students in attending the NEA Higher Educational Conference held on March 15-16, 2018 in Chicago, Illinois. The purpose of this conference is to share information, develop skill, network with others within the Higher Education community and organize around issues that affect members of the profession while actively encouraging attendees to effectively utilize organizing and advocacy skills as a tool to make a difference in building membership and initiating change on, and within, their respective Higher Ed systems, now

Therefore, **Be it appropriated**, ten thousand four hundred dollars (\$10,400) to the FAMU NCHE to attend this significant trip that would not only benefit the university, but these students, too.
