To the Student Body
Florida Agricultural and Mechanical University

Greetings to the fine students of the illustrious Florida Agricultural and Mechanical University. I am grateful to have served so many clubs, organization and departments this year as the Organization and Finance Committee Chair of the 46th Student Senate. This memorandum is meant to serve as an update on the status of A&S funding for the Spring through the Student Senate.

The carry-forward funding mentioned in the last memorandum has been put at a cease by the Student Senate. Special Allocations are funded through the Senate Unallocated account with the left-over A&S funds from the previous fiscal year and we are at a point where further spending would lead to a deficit in the account. To that effect, Senate Appropriations should resume in the Fall of 2017.

Although we could not get to everyone this year with funding, I would like to thank the clubs, organizations, and departments for their patience in helping us be of service to so many students. The 46th Student Senate had the honor of helping students travel internationally for study abroad programs, helping graduate students compete for national titles that would glorify the University, and helping students at the College of Law complete initiatives for the student population in Orlando just to name a few. For the certified student clubs, organizations, and A&S departments who wish to apply for additional funding using the Special Allocation method in the fall, I advise you all to make yourselves aware of your rights and responsibilities regarding A&S funding which can be found in the Finance Codes of the Florida A&M University System of Student Body Statues (sga.famu.edu). For all questions and inquiries regarding funding, please contact me at the email provided below.

Regarding the 2017-2018 Annual A&S Fee Budget, the Activity and Service Budget Committee (ASBC) and Student Senate have been making great strides getting the Budget done in a timely fashion and will be viewing the budget for a second reading before a vote is cast at our next meeting on Wednesday March 17th, 2017 at 6:00 P.M.

Finish the Semester Strong Rattlers!
